

Where's The Money? Funding Your Active Transportation Project

Finding and Establishing Collaborative Partnership

City of Pryor Creek, Oklahoma

COOL IDEA

**Example: Trail system to provide recreation,
improve public health and connect locations
within the community and regionally
connect communities**

“Just like baby boomers, the preference of the millennials will drive our society for two generations. They’re making location decisions based on their idea of quality of life...”

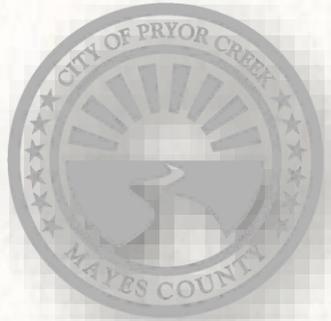

- William Fulton – *Governing*, Nov. 2012

How can we make this happen -

THINK
backwards

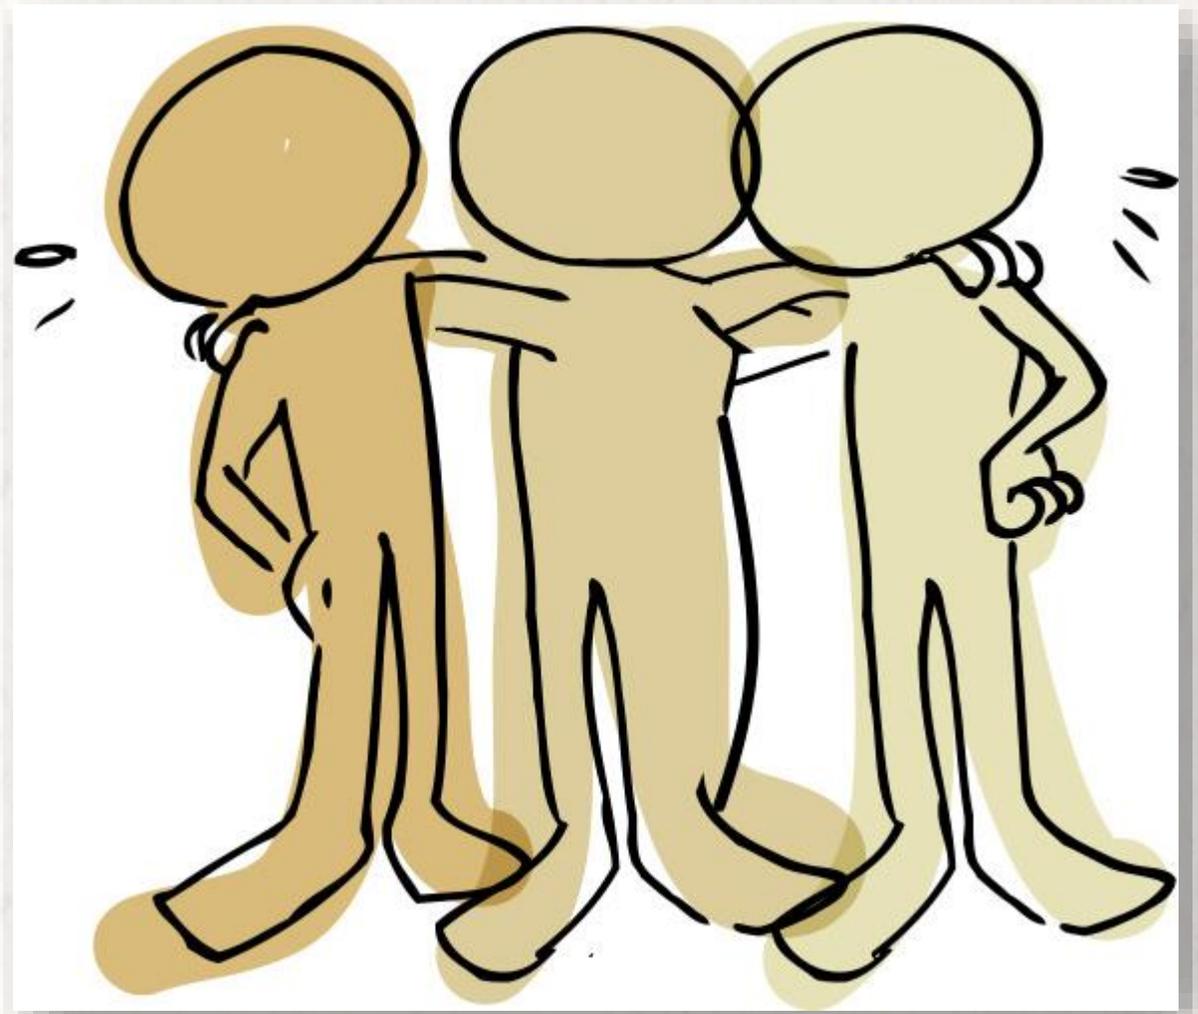

1. Cool Idea – Vision
2. Envision it built – how did you do it?
3. BIG MONEY! * Bond Issue * Federal Funding * Benefactor *???
4. How do I access those funds? * Grass root effort * Grant Funding * Fund Raisers
5. Grant Funding – What do I need for a successful grant application?
6. What are “our” resources, including partnerships?

The days of going it alone are over!

Pryor Public Schools

A leader is a person you would follow to a place you wouldn't go by yourself. -Joel A. Barker

Collaboration

Once we have a plan we need a list of reasonable tasks that we can work on as funding becomes available!

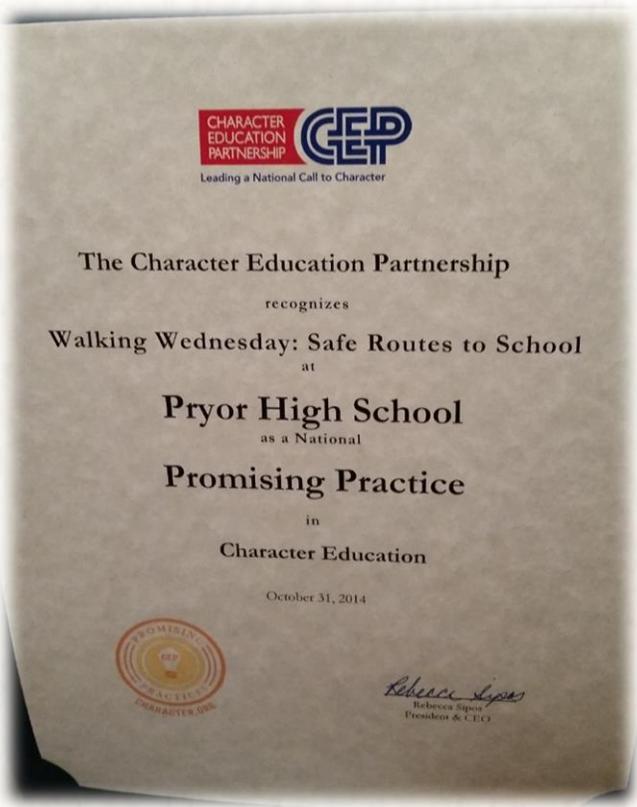

CHEROKEE NATION COMMUNITY TRANSFORMATION GRANT (CTG)

DAN BURDEN - SAFE ROUTES TO SCHOOLS PLAN

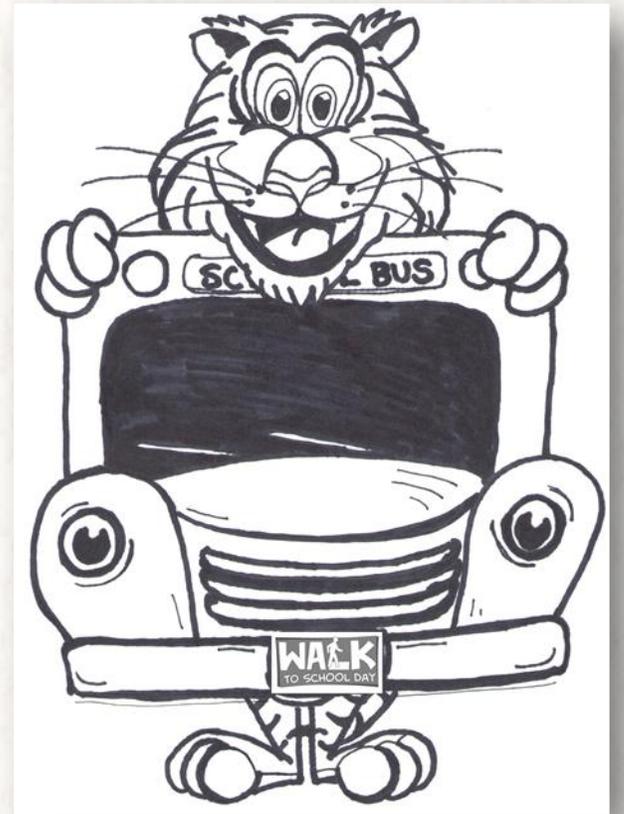

WALKBIKE
TO SCHOOL

WALKING SCHOOL BUS PROGRAM "WALKING WEDNESDAYS"

Envision From This

To This

Town of Chouteau

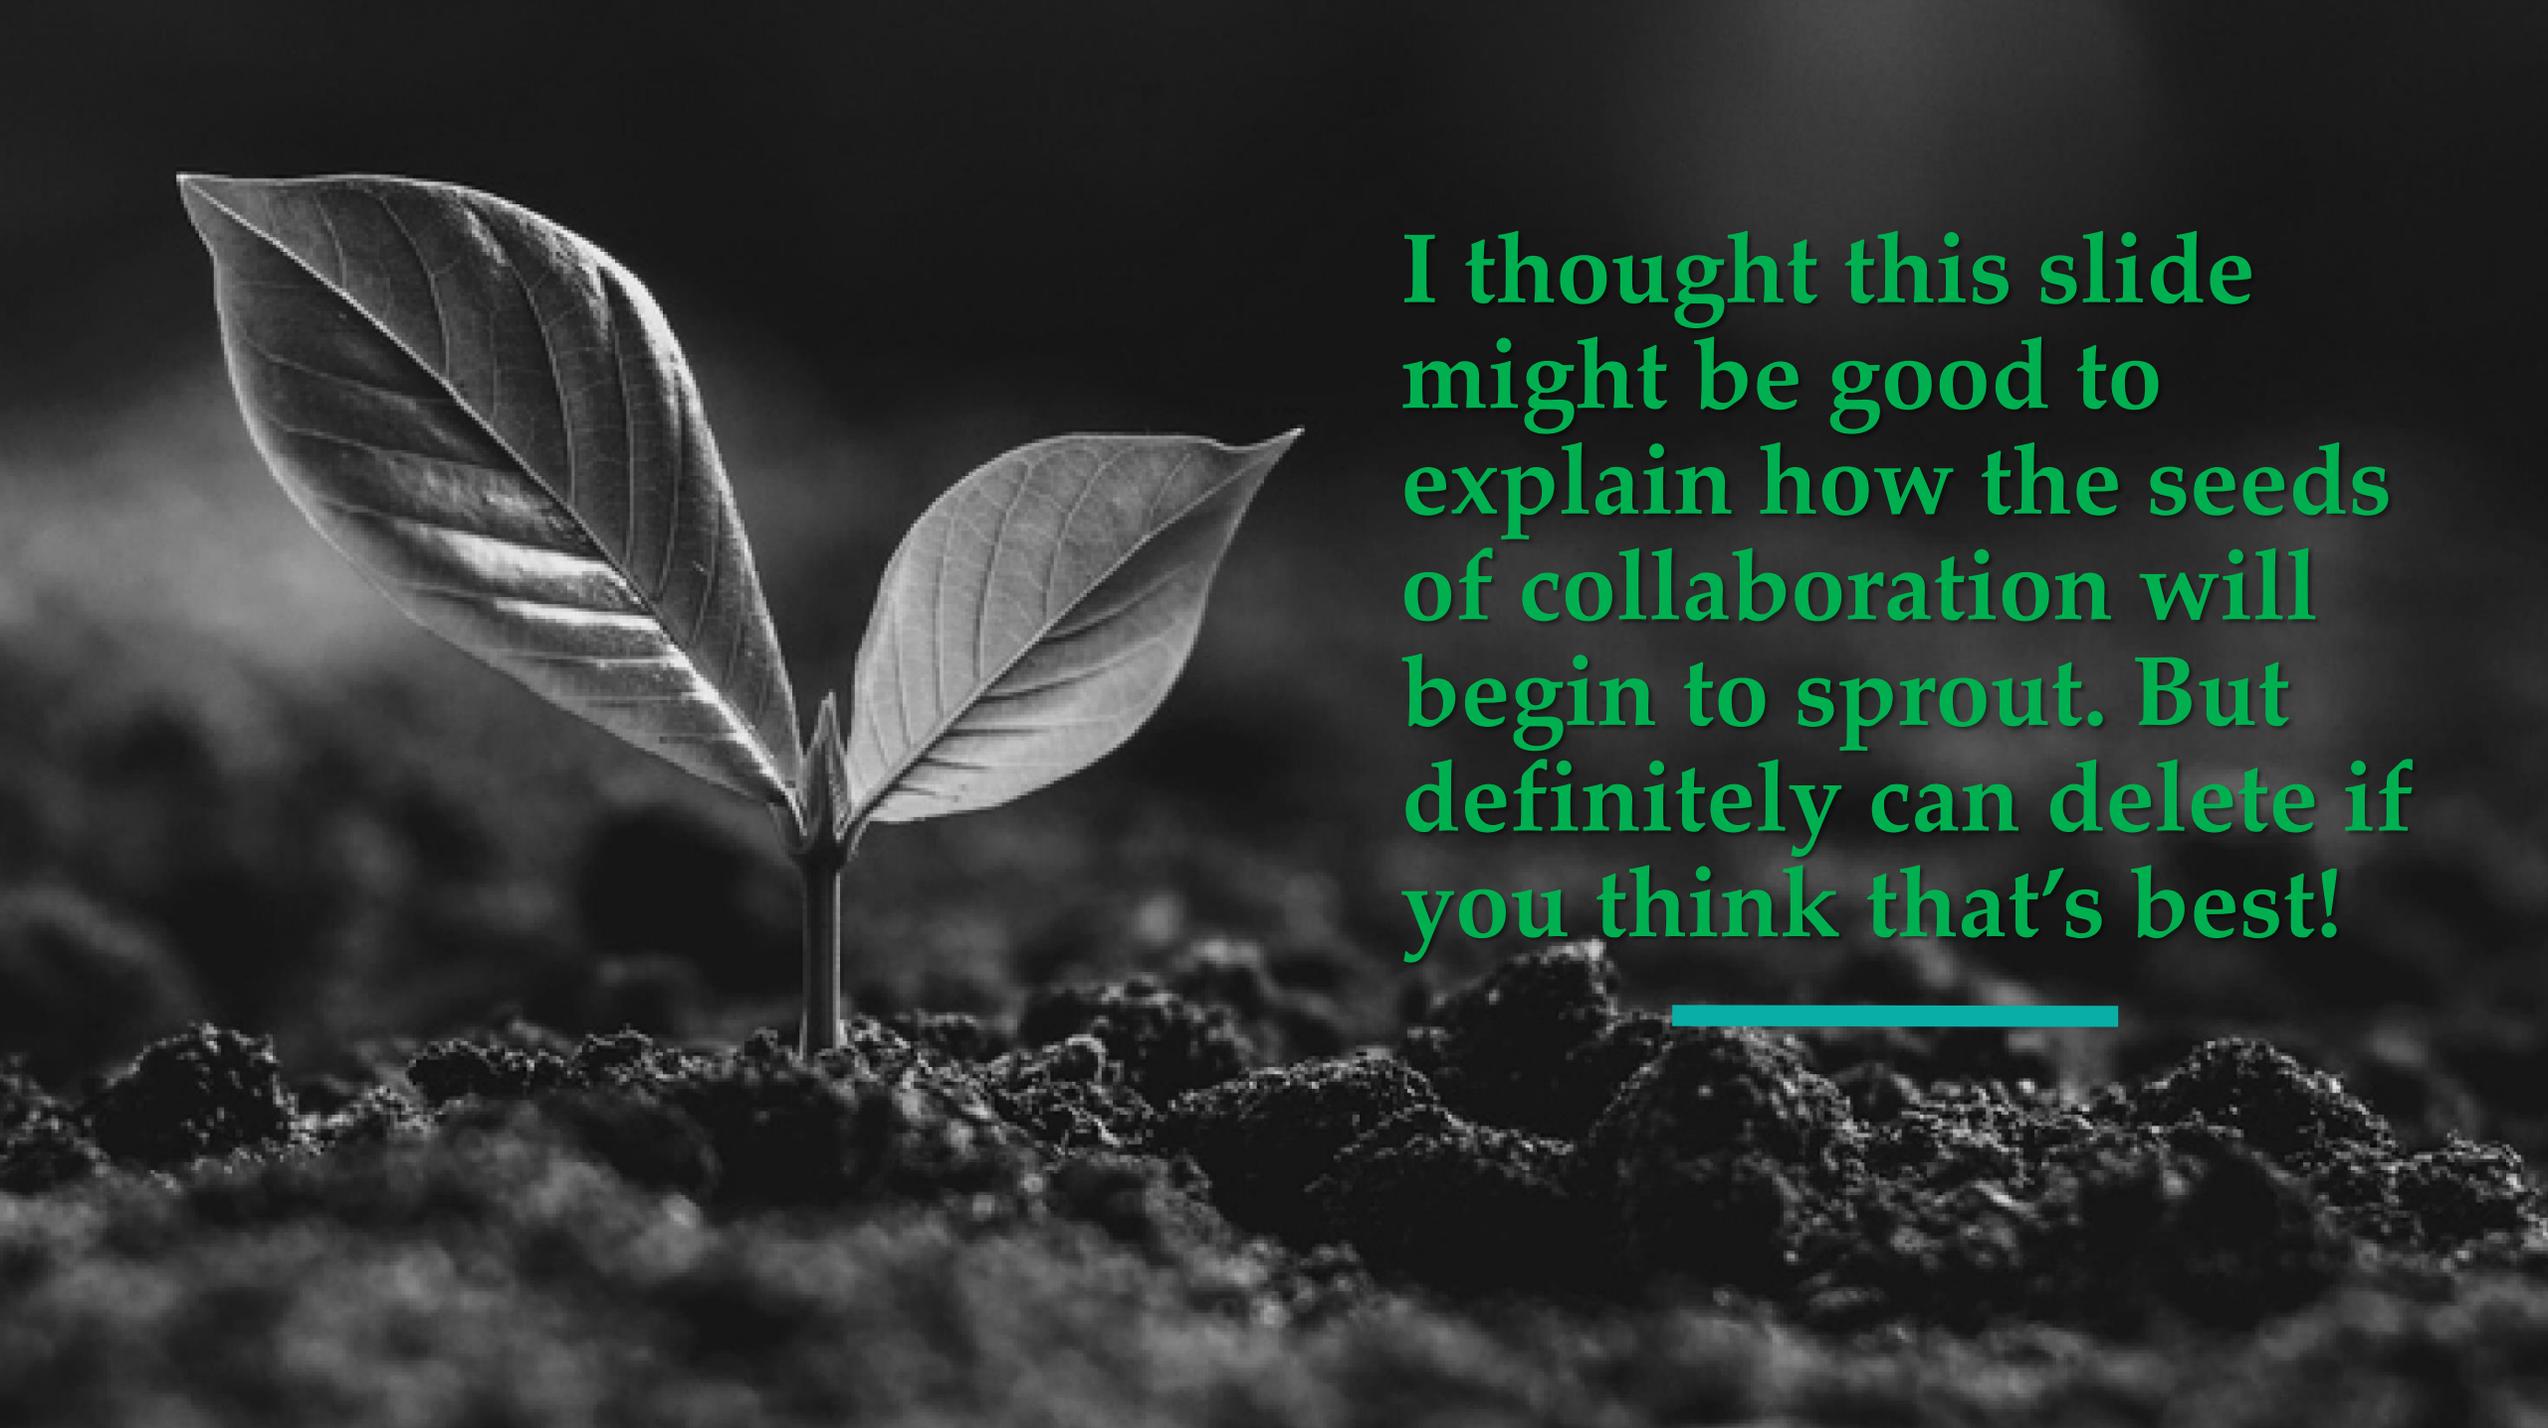

Collaboration

- Local chamber
- City Council Members
- Mayor

Matching Funds

- Cherokee Nation
- Local Family Foundation called OD Mayor
- Schools

I thought this slide might be good to explain how the seeds of collaboration will begin to sprout. But definitely can delete if you think that's best!

“Make the world a better place just because you’ve been there...”

- John Ormsbee Simonds
